SPEECHES	7.40pm	Note 45mins for each course
BRIDAL WALTZ	8.30pm	In our experience this formula works best Entrée Main Cut cake Speeches dessert dancing works well. The worst time frame we have found is trying to break up the speeches in sections or between entree and main. If you are nervous and want the speeches straight after your entry to the room this can work.

		The best place for your speeches is after Mains and before desserts an then we can guarantee you a smooth flowing evening.
